If summer still feels far off to you, let it sink in that Memorial Day Weekend is just around the corner. Yes, the (unofficial) start of the carefree, sweltering season full of al fresco Hugo spritzes, rooftop parties, and half-day Fridays at the office are within reach. The current date on the calendar should be enough proof, but all of May 2025's best new beauty products further confirm that summer is indeed on the horizon.
